Isaiah 55:8

"For My thoughts are not your thoughts, Nor are your ways My ways," declares the Lord.

10 "For as the rain and the snow come down from heaven, And do not return there without watering the earth And making it bear and sprout, and furnishing seed to the sower and bread to the eater;

Every man has a right to his opinion, but no man has a right to be wrong in his facts. -Bernard Baruch

"A penny for your thoughts" is an often quoted phrase around our house. I believe inflation should have pushed the price up around two dollars by now. Diane and I have those moments when we go off into la-la land with deep thinking. Everything else seems to fade into the background. We become mesmerized with our own thinking.

The question we need to really ask ourselves is "What is God thinking?" Isaiah was prophesying to a nation who had lost their need for God's thoughts. After all, they had politicians, priests, and judges which had substituted God's Word and with their own thinking. Isaiah 1:3 portrays what they had become like. "An ox knows its owner, And a donkey its master's manger, but Israel does not know, my people do not understand."

These people were not on the same page with God. They had no inkling of His thoughts and ways. Their troubles were mounting. All the time they looked for the messenger who would say everything is fine, continue in your ways, and there will be peace in the land.

Getting back to God's Word is something I believe the church needs to do. There is a maze of philosophical thinking today which abhors the word of God. There is a moral bankruptcy in our land as a result. Sin is not a serious issue. Holiness becomes the least of desires.

Although men's thinking may trump God's will, God's Word will never come back empty. His Word will continue to accomplish whatever He desires. The end result of a person, a church, or a nation is either redemption or judgment. God's Word is God's thinking. Tune into His Word and see what He is thinking.

Isaiah 55:8

"For My thoughts are not your thoughts, Nor are your ways My ways," declares the Lord.

9 "For as the heavens are higher than the earth, so are My ways higher than your ways And My thoughts than your thoughts.

10 "For as the rain and the snow come down from heaven, And do not return there without watering the earth And making it bear and sprout, and furnishing seed to the sower and bread to the eater;

11 So will My word be which goes forth from My mouth; it will not return to Me empty, without accomplishing what I desire, and without succeeding in the matter for which I sent it. NASU

Every man has a right to his opinion, but no man has a right to be wrong in his facts. -Bernard Baruch

"A penny for your thoughts" is an often quoted phrase around our house. I believe inflation should have pushed the price up around two dollars by now. Diane and I have those moments when we go off into la-la land with deep thinking. Everything else seems to fade into the background. We become mesmerized with our own thinking.

The question we need to really ask ourselves is "What is God thinking?" Isaiah was prophesying to a nation who had lost their need for God's thoughts. After all, they had politicians, priests, and judges which had substituted God's Word and with their own thinking. Isaiah 1:3 portrays what they had become like. "An ox knows its owner, And a donkey its master's manger, but Israel does not know, my people do not understand."

These people were not on the same page with God. They had no inkling of His thoughts and ways. Their troubles were mounting. All the time they looked for the messenger who would say everything is fine, continue in your ways, and there will be peace in the land.

Getting back to God's Word is something I believe the church needs to do. There is a maze of philosophical thinking today which abhors the word of God. There is a moral bankruptcy in our land as a result. Sin is not a serious issue. Holiness becomes the least of desires.

Although men's thinking may trump God's will, God's Word will never come back empty. His Word will continue to accomplish whatever He desires. The end result of a person, a church, or a nation is either redemption or judgment. God's Word is God's thinking. Tune into His Word and see what He is thinking.

LIFE POINTS

Isaiah 55:8

"For My thoughts are not your thoughts, Nor are your ways My ways," declares the Lord.

9 "For as the heavens are higher than the earth, so are My ways higher than your ways And My thoughts than your thoughts.

10 "For as the rain and the snow come down from heaven, And do not return there without watering the earth And making it bear and sprout, and furnishing seed to the sower and bread to the eater;

11 So will My word be which goes forth from My mouth; it will not return to Me empty, without accomplishing what I desire, and without succeeding in the matter for which I sent it. NASU

Every man has a right to his opinion, but no man has a right to be wrong in his facts. -Bernard Baruch

"A penny for your thoughts" is an often quoted phrase around our house. I believe inflation should have pushed the price up around two dollars by now. Diane and I have those moments when we go off into la-la land with deep thinking. Everything else seems to fade into the background. We become mesmerized with our own thinking.

The question we need to really ask ourselves is "What is God thinking?" Isaiah was prophesying to a nation who had lost their need for God's thoughts. After all, they had politicians, priests, and judges which had substituted God's Word and with their own thinking. Isaiah 1:3 portrays what they had become like. "An ox knows its owner, And a donkey its master's manger, but Israel does not know, my people do not understand."

These people were not on the same page with God. They had no inkling of His thoughts and ways. Their troubles were mounting. All the time they looked for the messenger who would say everything is fine, continue in your ways, and there will be peace in the land.

Getting back to God's Word is something I believe the church needs to do. There is a maze of philosophical thinking today which abhors the word of God. There is a moral bankruptcy in our land as a result. Sin is not a serious issue. Holiness becomes the least of desires.

Although men's thinking may trump God's will, God's Word will never come back empty. His Word will continue to accomplish whatever He desires. The end result of a person, a church, or a nation is either redemption or judgment. God's Word is God's thinking. Tune into His Word and see what He is thinking.
